## Message from the Trustee

### Shri Chunibhai Haribhai Gajera

***“Education is not the filling of a pail, but the lighting of a fire.”***

Education is like the seed on fertile soil – given the right amount of sunlight, water, and soil it will grow to be a big tree that can give fresh fruits and shelter with clean air. Education builds the character of a person. Having the right kind of education will lead you to the right path to achieve the goal you have set.

My unflinching belief has always been that those who find pleasure in diligent, dedicated, and disciplined life reap a bountiful harvest in the form of divine satisfaction.

It is with this motto of my life, I have started the Gajera Group of Schools, and it has been my constant endeavor to steer my educators and learners in this direction which I find most rewarding. My emphasis is on this holistic development of a child by fostering a synergic blend between scholastic and co-scholastic achievements and a host of co-curricular and extra-curricular activities which find a rightful place in the curriculum.

I would also like to take this opportunity to acknowledge our dedicated educators and staff members. Your commitment to our student's education and well-being is truly commendable. Your passion and creativity have made a lasting impact on the lives of our students, and we are grateful for your unwavering support.

Finally, I want to express my utmost appreciation to the parents and guardians for your unwavering support and partnership throughout the year. Your involvement in your child's education is invaluable, and it plays a vital role in their success.

Thank you for entrusting us with your children's education and for being active participants in their learning journey.

## Message from the Principal

## Welcome Back to School

Date- 05-04-2023

Wednesday

Happy first day of school

"Your first day of school marks the start of a new adventure of learning, fun, and education."

Welcome to those who believe in the power of dreams, Our shining stars, and our students.....

We have waited so long to have you among us. At last, the time has come!!

The LIS team was all set and excited to welcome our beloved students. Students were welcomed delightfully by educators. A special assembly was conducted by our educators to make our kids feel special.

Laxmi International School, Sarigam

The assembly started with the prayer and blessings of the goddess Saraswati.

Our respected Principal sir addressed the students and guided them for the upcoming session.

We are sure that our students will listen to their teacher, try their best and always stay positive at school.

Dear students, you are in school now, so always remember to live, love, and learn!

Looking forward to this wonderful academic session. Let's make it better and achieve the best!

Good luck! 👍 🍀 😊

“Keep your vitality. A life without health is like a river without water”

World Health Day is celebrated on April 7 every year to raise awareness about global health issues and to promote healthy living. The day was first celebrated by the World Health Organization (WHO) in 1950, to mark the organization's founding, which took place on April 7, 1948.

Each year, the day focuses on a specific theme, highlighting different challenges and opportunities related to global health.

This year( 2023)the theme for World Health Day is "Health For All." The aim of the theme is to create an opportunity for the world to look back at public health successes that have helped improve the quality of life over the past 70 years. Under this, LIS conducted a seminar on "Health For All" for students of class VI to XII where students were enlightened with the truth pertaining to a healthy lifestyle and also were made aware of the health hazards of an unhealthy one. The science department had blazed powerfully and had dawned upon the understanding of students to make a positive shift toward health and hygiene. Furthermore, students practiced the technique of making themselves calm and were exhorted to practice the same in a world triggering stress. The seminar ended with a pledge taken by the students and staff members of LIS vowing to eat healthy food, do regular exercises, give themselves a good amount of rest and also live happily lament.

*Eco Friendly Bird Feeder, Feeding birds means feeding yourself!  
Birds are part of nature and feeding nature is nothing but feeding yourself!*

To encourage biodiversity and create a safe haven for birds, Laxmi International School initiated the construction of eco-friendly bird feeders. Students of grade 6 to 8 collaborated in designing and building feeders using recycled materials such as plastic bottles, wood scraps, and ice cream sticks. These feeders were strategically placed in the school's garden and outdoor spaces, providing nourishment and attracting a variety of bird species. Through this project, students learned about the importance of preserving local wildlife and their crucial role in maintaining ecological balance.

## New Education Policy 2020- Embracing Change

Date- 27-05-2023

Saturday

### *"Revamping The New Education"*

Today we had an enlightening session on the National Education Policy (NEP) 2020 conducted at our school , aiming to familiarize educators with the transformative changes it will bring to the education landscape.

The resource person for the session was Ms. Sneha Dadu our school educator.

The NEP 2020 is a comprehensive framework that seeks to revolutionize the way we approach education, focusing on holistic development, technology integration, and skill-building. Let's delve into the key highlights and implications of this policy discussed during the session.

The session highlighted the importance of revamping the new education with NEP and NCF. It emphasized on Skill Development and Vocational Education and the significance of skill development and vocational education to bridge the gap between education and employability. The policy encourages schools to offer vocational courses and internships, enabling students to acquire practical skills and explore diverse career paths. By nurturing entrepreneurship abilities and encouraging hands-on learning, the NEP empowers students to make informed decisions about their future. The session shed light on the role of vocational education in preparing students for the future tasks.

# New National Education Policy 2020 (NEP 2020)

---

Overall the session on the National Education Policy 2020 provided valuable insights into the transformative changes it brings to the Indian education system. By focusing on holistic development, technology integration, and skill-building, the NEP aims to create a learner-centric and inclusive education ecosystem. As facilitators it is essential for us to embrace these changes and actively participate in shaping our students education. With the NEP as our guiding light, we can strive towards a future where education nurtures our students' talents and prepares them for the challenges ahead, and empowers our students to become responsible and successful individuals.

# Session on Vedic Education

**Title: Exploring the Rich Heritage of Vedic Education: Empowering Teachers for a Transformative Learning Experience**

In a rapidly changing world, where modern education systems often focus on standardized tests and rote learning, there is a growing need to revisit our roots and rediscover the ancient wisdom of Vedic education.

Vedic education, rooted in the sacred texts of ancient India, offers a holistic approach to learning that nurtures not only the intellectual but also the moral and spiritual dimensions of a student's development. Recognizing the significance of this profound educational philosophy, a session on Vedic education was conducted for the Educators of grade 1 to 12, to empower them with valuable insights and tools to create transformative learning experiences for the students. We had an eminent and knowledgeable personality as a speaker for the session, Swami Mahabhanu Devdas. Sir has been practicing and preaching the Vedic Spiritual life for last 22 years.

The session on Vedic education for teachers served as an enlightening journey into the wisdom of ancient Indian education. It emphasized the need to embrace a holistic approach to education that nurtures the mind, body, and spirit of students. By integrating Vedic principles, values, and methodologies into their teaching practices, teachers have the power to transform education into a transformative and empowering experience for their students

### *Art Integration -Towards Experiential Learning*

Date: 30/05/2023

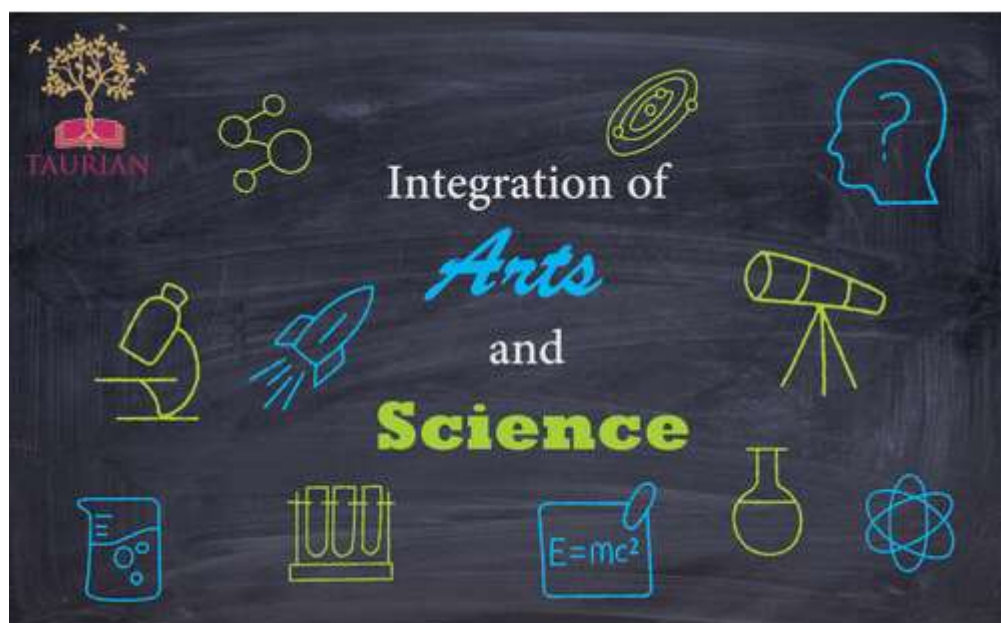

A Training Session for Educators on Art-Integrated Learning  
Topic: Art Integration- Towards Experiential Learning

In today's rapidly evolving educational landscape, it has become increasingly important to foster creativity, critical thinking, and holistic development in students. One powerful approach that accomplishes these goals is art-integrated learning.

By combining art and academics, teachers can create a dynamic learning environment that engages students on multiple levels. To equip educators with the tools and techniques necessary to embrace art-integrated learning, a comprehensive training session was by the Resource Person Ms. Archana Desai, our school educator.

The Key Takeaways were

- \*The power of art in education. The training highlighted the transformative power of art, emphasizing its ability to enhance students' understanding, creativity, and critical thinking skills.
- \*Integration opportunities: Teachers discovered numerous opportunities to integrate art across subjects, fostering a deeper understanding of academic content while encouraging self-expression.

Overall the training session on art-integrated learning served as a catalyst for educators to embrace a more holistic and creative approach to education. By integrating art into various subjects, teachers can inspire their students, fostering a deeper understanding of academic content while nurturing creativity and critical thinking skills. This innovative approach transforms classrooms into vibrant learning spaces where students can explore, create, and engage with the curriculum on multiple levels. As teachers continue to implement art-integrated learning in their classrooms, they personal growth.

"Once you have commitment, you need the discipline and hard work to get you there." – Haile Gebrselassie

Packed with the perfect abundance of discipline and hard work, our leaders of tomorrow have always delivered nothing less than the best. Their grade 10 & 12 board results for the session 2022–23 has yet again showed their never-say-no spirit.

Scoring BIG in the examinations, the young Lisians vouch for more lustre and success in their future endeavours.

With the outstanding results achieved by Lisians, we want to say that we are immensely proud of our students who have scored stupendous results. We know how much hard work all of you have put in, and it's evident in the results. We wish that you achieve many more such milestones and make your parents and teachers feel proud of you in the future as well.

Parents, this success is dedicated to you. It is your undying belief in us as well as in your children that inspires us to shape their young minds and transform them into dreamers, achievers and performers.

We wish to thank the guiding force in their life; namely, our teachers and school leadership for being the best Gurus, who always give the right direction to these students and inspire them to give their best.

We wish to say that our love and blessings will always be there with you. May you achieve success in all your future endeavours."
